Hello you holiday lovers,

thank you very much for using Cashinator! I hope you had a nice holiday and I was able to help you with that boring financial stuff. It would make me happy to accompany you on your next trip again!

If you are satisfied with Cashinator, please give a good rating and some recommendations in the Apple App- and Google Play Store. Tell all your friends about this app. It was built with love, which should spread all over the world. If you have experienced any problems or if you have wishes or suggestions, please don't hesitate to contact me personally. You can find my contact on the website www.cashinator.net. I also would be really happy about any positive or negative feedback and will try to answer as soon as possible. Maybe your personal feature request will be available in one of the next versions after that!

My personal wish: Please take some nice pictures from all over the world together with (or without) Cashinator! Send them via email afterwards or use the hashtag [#cashinatorontour](https://twitter.com/cashinatorontour) on all known image platforms. The best pictures are nominated for a great collage!

Many thanks again and see you soon!

Sincerely yours,
Cashinator

PS: Many greetings also from Daniel, the developer of Cashinator.
